Funky Baskets

Funky Baskets Instructions:

1- Place basket block on top of matching size background piece- right sides for BOTH pieces facing up

2- Lay your ruler down at an angle and cut -Repeat this process with opposite side. Play with the angle and keep the cut line away from the corner.

3- Switch fabric around- the basket fabric in the center, background on either side- sew together the background to the basket.

* You will have extra fabric leftover. Set aside for other blocks that will be coming in the row quilt.

* Match up the edge of the basket with one background side. Make sure you have the little tips peaking out- this way they will line up just right when folded back and ironed.

4- Repeat with other side, iron

5- Trim up the basket to 9" X 6"

6- Lay ric rac out on background piece until happy, cut the length., Glue to secure in a few spots under the ric rac

* Ends of ric rac will be sewn in the bottom seam

7- Place upper background right sides facing on top of basket part, stitch together, making sure the ric rac is in the seam as well.

8- Repeat with the other basket parts and background piece
